

LadderGuard Protection System

Fastest, easiest, and most affordable way to create a safety egress and ingress zone to guard roof top ladder access starting 6 ft. from leading edge.

Make ladder access easy and safe by creating a 6 ft. OSHA Compliant Safe-Zone with LadderGuard. System easily attaches to flat or round rails and works on parapet or flat roofs or surfaces. Colors to match your building available.

- Provides safe passage from the ladder to an elevated platform
- Meets OSHA 1910.23(a)(2)
- Creates safe entry/exit zone starting 6 feet from the leading edge.
- Standard ladder clamps provide secure attachment to the ladder rails.

LadderGuard Protection System

Optional Self-Closing Gate
for extra protection.
